

340B SMART™

Automatically split and track replenishment orders for eligible medications into multiple accounts (340B, GPO, WAC)

340B SMART™ gives Covered Entities the ability to track dispensing of all 340B medications to qualified patients from all qualified sites, while ensuring accurate and compliant processes and uncovering missed opportunities.

- Simplifies inventory management & optimizes pharmaceutical usage with line-of-sight to all 340B accumulations & replenishment
- Maintains precise levels of 340B medications in virtual inventory to avoid over-replenishment and higher carrying costs
- Minimizes WAC purchases and optimizes 340B accumulation and replenishment
- Ensures accurate and compliant processes, while uncovering missed opportunities
- Integrates across all contract pharmacy stores managing dispensing fees and replenishment
- Flexible reporting of detailed accumulations, replenishment and store-level activities, along with rolled-up enterprise-level insight

Driving consistency, compliance and value in everything we do. Wellpartner optimizes 340B program value through: contract pharmacy administration services, multi-vendor audits, a 3-way split-billing solution, and a leading technology for tracking, reporting and self-auditing.

Industry-Leading 340B Program Management

Wellpartner is the authority in 340B program management and not only provides the best technology and broadest set of services, but also understands the complexities of your business. We are your strategic partner to optimize 340B program value.

You can count on us to:

- Ensure accurate and compliant processes and uncovering missed opportunities
- Deliver accumulate dispenses in WAC, GPO, and 340B while staying in compliance
- Maintain precise levels of 340B medications in virtual inventory platform
- Eliminate duplicate claims from the same provider across multiple covered entities, reducing costs
- Maximize savings at all qualified outpatient settings, as well as through arrangements with community pharmacies without an increase in infrastructure, personnel, and equipment.

Your added value:

- Ability to work with all covered entities and contract pharmacy stores managing dispensing-fee allocations and replenishment
- Detailed reporting on covered entity accumulations, replenishment process, store level activities and roll-up enterprise insight
- Avoid over-replenishment of inventory, greatly reducing carrying costs.
- Have line-of-sight to all 340B accumulation and replenishment activity, enabling more effective inventory management for contract pharmacy
